

**Winchester Medical Center**  
Winchester VA, 90,000 sf

Winchester Regional Health Systems is a four story facility with a four story atrium. The building is integrated with the hospital by a glass walled mall and connector.

The building is steel framed, brick veneer and reinforced fiberglass veneer. Special features include a four story lobby, connector to the hospital, and a cancer treatment center.

Contractor: Marshall Erdman & Assoc.  
Construction Manager: Stan Klos
